

Warning!

We are immortal but condemned until we learn who we are.

There is a natural conspiracy within energy whose control over us is so complete we have no idea that it even exists.

Without knowledge of this energetic attribute all of human thinking on every level is directed off-center to forms that have no possibility of achieving the information necessary for a unified agreement on who we are.

Thus we are condemned to die until we learn.

The information on this website exposes the greatest deception since time began.

*

The **only** purpose of life is to learn who we are. By not knowing who we are, we are as a consequence, who we are not. There is no middle ground.

The totality of *who we are not* exists as a unified force of ignorance that controls individuals away from their own information. This is the most powerful force on earth. It is dedicated to its own survival and so it defends its life through us. As we learn who we are this force of our ignorance will change as it realizes the immortal advantage. Thus the world will heal.
