

THE PURPOSE FOR BEING

All of life is an attempt to gather back to **eternity**.

This cannot begin until we know it so.

“The wind blows wherever it pleases. You hear its sound, but you cannot tell where it comes from or where it is going. So, it is with everyone born of the Spirit.”

– John 3:8

We are born of the spirit - to energy, yet we don't know what energy is?

Energy began with denial of who we are.

All as one we resisted and the energy that followed lasted for the **least time** before returning to balance.

Each repeat has the same energy – **free**, on demand! God cannot deny its own.

The quantum repeats in stops and starts and the secondary accumulations enable platforms for the work to be done.

The universe twists and turns until the pain is removed.

The pain is meted out in the throes of life and cannot abate until we rationalize our constant beginning and discover the real purpose for being.
