

# INCREASE AND MULTIPLY

“Keep them coming, don’t even ask why so few reveal the mask.”

Procreation is a false promise.

**Eternity** cannot separate from us - we separate from eternity.

**One is all** no matter what!

You are God no matter who you think you are in the meantime.

Eternity developed a desire to experience itself and all as one the **thought** twisted eternity inside out.

Eternity twisted and re-shaped in the least amount of **time**.

This was the beginning of time.

The emotion/thought was the first form of resistance and as the twist repeats the resistance increases and the universe comes alive as secondary issue.

Resistance and time are synonymous.

The objective of time is to gather back to eternity but the growing mass demands that the continuing evolution of energy takes precedence.

The sum of who we think we are is **all as one** – there is no other and it is thus by our own consensus that the universe is as it is.

Because there is no other, we defer to all as one, 'passing the buck' until someone points out the obvious.

But, at our current population the sum of who we are is a tragic monster eating itself alive.

**“frightening thought that man also has a shadow side to him, consisting not just of little weaknesses- and foibles, but of a positively demonic dynamism. The individual seldom knows anything of this; to him, as an individual, it is incredible that he should ever in any circumstances go beyond himself. But let these harmless creatures form a mass, and there emerges a raging monster; and each individual is only one tiny cell in the monster’s body, so that for better or worse he must accompany it on its bloody rampages and even assist it to the utmost. Having a dark suspicion of these grim possibilities, man turns a blind eye to the shadow-side of human nature. Blindly he strives against the salutary dogma of original sin, which is yet so prodigiously true. Yes, he even hesitates to admit the conflict of which he is so painfully aware.”**

~ Carl Jung, “On the Psychology of the Unconscious”.

## Increase and multiply is the anthem.

We are obliged to gather back but the most basic requirement of involvement is the rationalization of procreation.

Children do not want to be born.

We must do the work for them.

**“None of us stands outside humanities collective shadow.”** - Carl Jung.
