

# THE SILENT RESISTANCE

All as one we denied ETERNITY

Eternity does not separate from its own – it twists as if in pain.

**“He who grasps the truth of the Mental Nature of the Universe is well advanced on The Path to Mastery.”** — The Kybalion.

**One is all** became all as one for a moment.

The eternal twist is infinite energy for the least **time**.

‘Infinite energy for the least time’ is so miniscule you could hold it in the palm of your hand.

**“To see eternity in a grain of sand...”** – Wm. Blake.

The energy of the twist is the resistance that sparked **Planck’s constant**.

The Planck energy packet is the QUANTUM.

The universe is the secondary result of quantum repetition.

Repeat: The energy of the twist is the resistance that sparked Planck’s constant.

The resistance is SILENT - everywhere at once!

**"Silence like a cancer grows."** – Paul Simon.

The growing cancer is the ever-changing sum of who we think we are.

All as one.

We are a puzzle to ourselves.

**"I received a telephone call one day at the graduate college at Princeton from Professor Wheeler, in which he said, "Feynman, I know why all electrons have the same charge and the same mass" "Why?" "Because they are all the same electron!" - Richard Feynman.**

Without awareness of the silent resistance, we have no possibility of changing mass impetus.
