

THE TRICKSTER

The trickster is the sum of who we think we are – **all as one.**

“The whole is more than the sum of its parts.” – Aristotle.

The sum of who we think we are exists high and above all, as one.

**‘I will ascend to heaven; I will raise my throne above the stars of God;
I will sit on the mount of assembly on the heights of Zaphon; I will
ascend to the tops of the clouds, I will make myself like the Most**

High".

~ (Isaiah 14:12-14, NIV).

The ascendent dynamic is a natural consequence of energy planted for our own good.

“The trickster dances in the shadows, always one step ahead of the game.” – Joseph Campbell.

We are both cause and effect.

This is the challenge.
